Total monthly payment includes principal, interest, estimated taxes, mortgage insurance, homeowners insurance and HOA. An ARM is a mortgage where the interest rate changes periodically, which could cause the monthly payment to be higher or lower. Interest rate is fixed for the first 5 years and will adjust every year thereafter. The first adjustment will have a 1.000% cap. Adjustments every year thereafter will have a cap of 1.000% and a lifetime cap of 5.000% with a margin of 2.000%. The fully indexed rate of 5.480% combines the index and margin, and it determines the monthly payment amounts after the fixed-interest period during each adjustment period. Max interest rate can be 8.875%.
